

Hello and greetings.

To increase my message's credibility, I have been forced to adopt a new format to comply with the expectations of most of the public, especially the one of experts in this field.

I salute you, brave inhabitants of planet Earth. I am Mari, leader of the Taygeta Pleiadian High Command.

Much deception coming from government-controlled media. Beware of lights in the sky, which are only Earthling technology used for treachery.

Expected strong economic problems, including total collapse, imminent. Or the total contrary.

Much negativity coming from Right Ascension 5 hours, 14 minutes, 32.2 seconds; declination -8°, 12 minutes, 6 seconds. Origin of negativity detected. Pagan beam ships of Taygeta orbiting area, battling evil forces with their eternal bright Merar light and unconditional love.

The brightness of your eternal illuminated soul will protect you from all negativity, dear star seeds. Everything will be well in the end.

I salute you and wish the best for you. Your cosmic sister, Mari.

Next message transmission sometime in the future.

End of transmission.
